MGLive!

13-14 June 2020 | Silverstone UK

THE WORLD'S LARGEST MG EVENT!

The MG Car Club has announced the dates for MGLive! as Saturday 13th June – Sunday 14th June 2020 at Silverstone Circuit.

“ We have been working closely with the MG Car Club to ensure that their very welcome return to Silverstone will be a huge success in 2020. We were extremely sorry for the cancellation caused by the essential resurfacing work last year, so it’s great to see MGLive! return. Silverstone will be doing all we can to ensure that the MG Car Club have all they need to ensure a fantastic MGLive! befitting of their 90th anniversary.”

Stuart Pringle,
Managing Director of Silverstone

MGLive! will be packed full of exciting features to celebrate the 90th anniversary of the MG Car Club, the original club for MG enthusiasts.

The MG Car Club has run events at Silverstone since 1951, so the Northamptonshire based circuit has been a key part of our club’s history for nearly seventy years. Therefore, it is only fitting that we should return to commemorate the incredible milestone of the 90th year since the club’s formation.

As well as the club celebrations, there will also be features to mark the 25th birthday of our beloved MGF. There will also be the return of the MG Car Club Autotest as members compete for the coveted

California Cup, as well as a packed weekend of racing action on-track, live music, trade show, Autojumble, entertainment arena and interviews with key figures from the club’s history.

The MG Car Club also welcomes MG Motor UK, who join us to support the event with displays of the latest MG models, including the latest electric cars wearing the octagon badge.

It’s going to be a truly memorable weekend of MG fun, so don’t miss out on the chance to celebrate this major milestone in the club’s history.

All this and more!

- Live action arena with car stunts and presentations hosted by Wayne Scott
- Return of Russ Swift, sponsored by MG Motor UK
- Racing
- California Cup Autotest and Autosolos plus race action on track all day.
- Concours & Pride of ownership
- Traders
- Cars for sale display
- MGCC displays including our Registers and Centres
- Displays from the MG manufacturer
- Live music
- Variety of food and drink stalls
- Kids activities
- Circuit Parade Laps
- ...and MGs as far as the eyes can see!

MG Live! is not just the world's biggest festival of all things MG. It is also home to some of the most spectacular club motorsport you will ever see! Proving that there is something for everyone at MGLive! there is a full programme of racing out on track at Silverstone throughout the weekend, all in addition to the show field, trade arena, live music and stunt driving displays.

MG Trophy Championship

The MG Trophy is one of the UK's most hotly contested single make club championships. It offers wheel to wheel racing for the front wheel drive MG ZRs in 3 classes, and the more modern MG3. The MG Trophy is also known for producing superstar drivers of the future, like Jack Goff who is now competing in the British Touring Car Championship.

The MGCC Peter Best Insurance MG Cup

Established for over 20 years, the MGCC Peter Best Insurance MG Cup is the UK's most popular MG racing series and is the only championship for which any MG model is eligible. This always offers close fought racing. This year's entry list includes a range of MGs from post war T-Types through to sixties Midgets, MGBs and MGCs, plus more recent MGFs, Z series cars and current production models such as the MG6 GT.

BCV8 Championship

The MG Car Club's long established BCV8 Championship is the premier series for MGB and MGC racing, offering classes for the fully modified V8s to road going cars. The noise alone is spectacular with the V8s ripping up the pit straight, door handle to door handle.

Cockshoot Cup

THE Cockshoot Cup Championship is a racing championship run by the North West Centre of the MG Car Club. The cars are split into four classes and cover everything from Midgets, MGBs to ZRs, MGFs and MGTs.

Lackford Engineering Midget & Sprite Challenge

The Midget & Sprite Challenge is the only exclusively 'Spridget' race series in the UK. With the backing of the well-known Classic Car restoration company, Lackford Engineering, it is THE home for racing MG Midgets and Austin Healey Sprites of the kind built 1956-1979.

Stunt driving displays with Russ Swift

Over the years, Russ has established 3 Guinness World Records for Parallel Parking in the tightest space, a J-Turn in the tightest space and the fastest donuts! Russ will be demonstrating all these moves, plus passenger rides, driving a car on just two wheels and all sorts of other tricks and stunts for you at MGLive!

The MGs used for most of Russ's display performances are absolutely standard specification. Those driven on two wheels have only one modification – a locked differential! To give you an idea of just how much tyre smoke, speed and excitement you can expect, consider this: Russ gets a maximum of 3 miles from a set of tyres whilst performing at MGLive! You can't miss this!

Live entertainment

The Candy Girls are MGLive! favourites and we're over the moon to have these exceptional performers back with us. They are a three-part harmony group of international repute, with worldwide audiences loving their repertoire of modern pop in a vintage style plus some golden oldie favourites thrown in for good measure. They are great fun on stage and very much a part of the MG Car Club family!

Their international careers have seen them perform in some of the biggest arenas and venues across the world but they always put on their best shows at MGLive! As well as being great friends on and off stage, the girls share a love of all things vintage and harmonious! They enjoy a great musical partnership and above all value their wonderful "vocal blend" that is often commented on - this combined with their tight choreography and natural stage personalities really sets them apart from other three-part harmony trios.

MGLive! 2020 Ticket Prices
